About AGH University

- one of the largest technical universities in Poland in terms of the number of students, independent scientists and researchers
- 100 years of colourful history
- top position in rankings
- around 20,000 students
- 80% of graduates employed within one month after completing their studies
- over 80 fields of study at 17 faculties
- 26 degree programmes offered entirely in English (1st and 2nd cycle)
- over 130 courses available each semester within "AGH University International Courses"
- e-learning
- 800 well-equipped laboratories
- one of the most powerful microscopes in the world - the latest generation Analytical Transmission Electron Microscope (S)TEM FEI Titan Cubed G-20 60-300; echo-free chamber (the most silent place in Poland); Helios GPU - the most powerful supercomputer in Poland
- scholarship programmes such as Erasmus+, SMILE, Vulcanus, and others conducted within the framework of general agreements
- training schemes and internships in companies and production plants
- modern and the largest academic campus in Poland located in the centre of Krakow with stores, students' clubs, post office, swimming-pool, kindergarten
- excellent sports facilities
- student organisations such as: Mountain Club, Diving Club, Cave Club, Ski Club and others
- Juwenalia - a traditional annual student festival with free concerts and colourful parade

AGH University IN RANKINGS

- ARWU Academic Ranking of World Universities 2023 World Top 1000 (Shanghai Ranking), 1st place among Polish technical universities, world rank range: 801-900
- The Center for World University Rankings (CWUR) (2024 edition), 1st place among Polish technical universities - world rank: 637
- CWTS Leiden Ranking (2023 edition), 1st place among Polish technical universities, 3rd place among Polish universities, 154th place in Europe, global ranking: 501st place

Go global!

AGH University educates around 20 000 students and offers over 80 fields of study.

The university also offers AGH University Doctoral School in 17 disciplines and nearly 90 postgraduate courses. There are 26 degree programmes offered entirely in English (1st and 2nd cycle) and over 130 courses available each semester within "AGH University International Courses". Each year AGH University hosts students from all around the world, which surely contributes to its international atmosphere.

The AGH University Department for International Students provides full-time and part-time international students, as well as exchange students, with assistance they may require. DIS supports exchange students that come to AGH University within Erasmus+, SMILE, Fulbright and many other programmes. Furthermore, Centre for International Affairs (CSM) spearheads multitude international mobility programmes, each offering unique experiences. These include: Erasmus+ Mobility projects for higher education students and staff within and beyond EU, SMILE, T.I.M.E, SPINAKER Intensive International Education Programs, and other international exchange programmes for students, PhD candidates and staff. Our University has also recently joined the prestigious Euraxess - Researchers in Motion network, providing even more opportunities and support for scientists planning to develop their careers internationally. With a total of 1028 agreements, including 324 general agreements, 22 double diploma agreements, 626 bilateral agreements under Erasmus+ KA131, 47 bilateral agreements under Erasmus+ KA171, and 9 SMILE bilateral agreements, the possibilities are limitless. Our CSM Welcome Point serves as the first point of contact for all incoming international staff and their families, providing individualised assistance on all practical matters to ensure a smooth and welcoming stay in Poland.

Come to the AGH University of Krakow and see it for yourself!

Meet Amaliya

- our AGH University laureate of **INTERSTUDENT 2023** competition for the best international student in Poland!

Hejka! My name is Amaliya and I'm a Bachelor student of Computer Science at the AGH University of Krakow. I'm studying at the Faculty of Electrical Engineering, Automatics, Computer Science, and Biomedical Engineering where we are getting knowledge from high-qualified Professors, who are also very willing to help students during their consulting hours.

AGH University made my studies not only very useful but also fun, as this place offers a variety of possibilities and many student organizations that you can join, and fulfill your journey with fascinating experience, meet new people with the same interests and work on something bigger.

I joined the team of Cheerleaders AZS AGH (AGH University Academic Sports Association). We perform eye-catching choreography and root for our team players during sports matches. There's also another important organization called ESN AGH (Erasmus Students Network). Their goal is to help international and exchange students at each step during their stay at AGH University and it works under the principle Students help Students.

I'm so thankful to all my friends and I would like to show my gratitude to AGH University that cares about students and helps them in realizing their whole potential, the University that creates safe, positive atmosphere, because all those experiences made me who I am today and led me to become a laureate of INTERSTUDENT 2023 contest for the best international student in Poland!

Amaliya Iskhakova

Faculty of Electrical Engineering, Automatics, Computer Science, and Biomedical Engineering
Uzbekistan

The magic of Krakow

Kraków (Polish pronunciation: ['krakuf]); one of the largest cities in Poland; situated on the Vistula River (Polish: Wisła)

former capital of Poland and one of the oldest cities in Poland

one of the most famous and most frequently visited Polish cities; over seven million people visit Krakow every year

cultural capital of Poland, famous for its bohemian atmosphere, great theatres, galleries and museums, live jazz music and much more...

offering fantastic cafes, pubs and restaurants where you can spend unforgettable moments with your friends

place where Karol Wojtyla (later known as Pope John Paul II) lived for four decades

major landmarks include the Main Market Square with St. Mary's Basilica and the Cloth Hall "Sukiennice", Wawel Castle, the National Art Museum, the Sigismund Bell at the Wawel Cathedral, and the medieval St Florian's Gate with the Barbican along the Royal Coronation Route (www.krakow.pl)

popular points of interest near Krakow: Auschwitz (www.auschwitz.org), Ojców National Park & Castle (www.ojcow.pl), Wieliczka Salt Mine (www.kopalnia.pl)

John Paul II International Airport Krakow - Balice is the country's second largest airport in terms of both size and number of passengers

I'm from Mexico from Instituto Politecnico Nacional and I came to study at AGH University within SMILE Programme. Krakow is a really beautiful city. What I really enjoy about Krakow is its security because all the people respect you and you can go alone with no problems at all. It's a very nice place to meet new people because in Krakow everybody is very open-minded and willing to share their experiences with you. In fact, it is the ideal place to come if you are from Latin America and you are looking for a nice place to stay, take part in SMILE Program, Krakow is the ideal place for you.

José Carlos Guzmán Vera
Alumno del Instituto Politécnico Nacional / Mexico

Magic of Krakow!**

Campus life

All of AGH University buildings are located in one district in the centre of Krakow and cover the area of 40 ha. An integral part of the university complex is the largest student campus in Poland, the AGH University Student Campus (in Polish: Miasteczko Studenckie AGH), covering the area of 13 ha.

Student dormitories ensure comfortable living conditions - access to the Internet, areas dedicated for learning, facilities for the disabled, TV rooms, and club rooms. Regular renovations and refurbishments are made to keep the room standard at a high level. The student campus offers nearly 8,000 beds in 20 student dormitories. In July, August, and September, the AGH University Student Campus becomes the largest summer hostel in Krakow.

AGH University students are represented by the AGH University Student Council which organises the legendary annual student festival called Juwenalia. There are about 360 cultural events held in 4 student clubs, as well as many scientific and sporting events organized every year at the university campus. The university also hosts the University Board of Doctoral Students' Government, the AGH University Independent Students' Union, and the AGH University Section of Erasmus Student Network (ESN) which supports international students at each stage of their stay.

The AGH University campus is located in the heart of Krakow. The AGH University Main Building is only 1 kilometre away from the Main Market Square, hence it is possible to walk the distance within a few minutes. Getting to the Main Railway Station in Krakow, thanks to an extensive network of trams and buses, takes only 10 minutes, and getting to the John Paul II International Airport Krakow-Balice about 30 minutes.

I'm an Erasmus + student for one year in Krakow, at the AGH University of Krakow. This big campus that the University offers is a great place for students with a lot of activities. Playing football, basketball, volleyball, tennis is usual here. There you can also spend some time with your friends because there are a couple of bars and restaurants. I really like to be here, it gathers many students from everywhere and you can meet many different cultures. This adventure is something incredible and I'm sure that I will miss it when I leave Miasteczko Studenckie AGH.

—
Antoine Pillot

IAE University in Lille / France

The Campus - a city within a city

One of the biggest AGH University assets is the University Campus which is home to the university administration, student organisations, sports and leisure facilities. The student campus has a modern football pitch, volleyball and basketball courts with artificial surfaces and tennis courts. A very modern AGH University Swimming Pool is another great advantage of the campus. The vicinity of the Krakow Błonia Park and Park Jordana allows runners, joggers, cyclists, and roller skaters to spend time actively in picturesque areas of the city.

Mobile application for AGH University students

'Welcome to AGH UST' app (built for iOS and Android) is addressed to all international students who arrive at the campus for the first time and candidates willing to study at the AGH University of Krakow. Its main goal is to help students to move around the AGH University Campus and provide them with indispensable information, including locations of AGH University premises (faculties, dormitories, sports facilities, student clubs, copy centres, canteens and many more) with the function of navigation, events and news connected with student life as well as information about Krakow and its top attractions.

The project "JOIN US - All Great Stories Begin Here!" was a response to the constantly growing number of international students at AGH University.

The programme is implemented as part of the project "Raising the competences of academic staff and the institution's potential in accepting people from abroad - Welcome to Poland" under the Operational Program Knowledge Education Development co-financed by the European Social Fund.

www.welcome.agh.edu.pl

From Rwanda – the Country of Thousand Hills, full of welcoming and friendly people. I never thought it would feel like home in another country but when I started studying at AGH University I was fascinated how welcoming and nice the university staff were. The AGH University Campus is really beautiful with numerous laboratory facilities that help students to broaden their knowledge and develop their skills. Thus, I believe that choosing AGH University was one of the best decisions I have ever made in my life. AGH University also has a nice mobile application called "WELCOME TO AGH UST" that helps new international students as well as everyone at the University to easily move around the Campus, quickly find meeting areas, proper premises as well as their opening hours. That's why I would like to recommend it to everyone!

Leader Floride Uwayezu

Living costs and services

Facts about Poland

Poland:

- the 9th largest country in Europe (total area of 312,679 km²)
- population: around 38.5 million people
- capital city: Warsaw (over 1.7 million citizens)
- currency: Polish zloty

Climate:

- moderate continental
- average temperatures in summer: 18-30°C
- average temperatures in winter: around 3°C (northwest) and -6°C (northeast)

Traditional meals:

- pierogi (dumplings)
- kotlet schabowy (a type of breaded pork cutlet)
- bigos (a mix of cabbage, meat and mushrooms)
- gołąbki (cabbage leaves stuffed with meat)
- rosół (chicken broth)
- zupa ogórkowa (cucumber soup - it's really sour!!!)
- żurek (sour soup with egg and sausage)

Living expenses in Krakow

In comparison to other European cities, Krakow is a relatively inexpensive place to live and study. Prices depend greatly on the city, but a student can get by on around 450 euros per month. The average cost of living for a student is about 550 euros.

Monthly expenses (average cost):

- rent in a shared flat (or dormitory) at the AGH University Campus - 100-115 euros;
- food - 250-300 euros;
- transportation - 15-20 euros;
- mobile phone/Internet/TV - 30-40 euros;
- study materials - 30-50 euros;
- other expenses (leisure/entertainment) - 120-150 euros.

Examples of some other selected prices:

- bread (1 loaf) - 1-1.20 euro;
- milk (1 litre) - 0.7-1 euro;
- lunch in a canteen - 6-8 euros;
- coffee in a café - 3-4 euros;
- cinema ticket - 6-9 euros.

1 euro = around 4.3-4.5 zloty

AGH University: first-cycle (Bachelor) and second-cycle (Master) degree programmes

FACULTY OF CIVIL ENGINEERING AND RESOURCE MANAGEMENT

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Civil Engineering		
Environmental Engineering		
Engineering and Management of Industrial Processes		
Mining Engineering		
Raw Materials Value Chain		
Revitalization of Industrial Areas		
Safety Engineering		

FACULTY OF ELECTRICAL ENGINEERING, AUTOMATICS, COMPUTER SCIENCE AND BIOMEDICAL ENGINEERING

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Automatic Control and Robotics		 
Biomedical Engineering		
Computer Science*	 	
Computer Science and Intelligent Systems		 
Electrical Engineering		 
Medical Computer Science		
Metrology and Measurement Engineering		
Microelectronics in Industry and Medicine		
Technologies for Industry 4.0**		

* Field of study in Polish conducted mutually with the Faculty of Computer Science at the first-cycle

** Field of study in Polish conducted mutually with the Faculty of Foundry Engineering

FACULTY OF METALS ENGINEERING AND INDUSTRIAL COMPUTER SCIENCE

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Additive Manufacturing of Metallic Materials*		
Computational Engineering		
Computer Science in Engineering		
Education in Technology and Computer Science		
Manufacturing Engineering		
Metal Forming		
Metallurgical Engineering		
Metallurgy		
Metals Engineering		
Thermal Ecotechnologies		

* Field of study conducted mutually with the Faculty of Mechanical Engineering and Robotics

FACULTY OF COMPUTER SCIENCE

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Computer Science*		
Computer Science - Machine Learning and Artificial Intelligence		
Computer Science and Data Science		

* Field of study in Polish conducted mutually with the Faculty of Electrical Engineering, Automatics, Computer Science and Biomedical Engineering at the first-cycle

FACULTY OF COMPUTER SCIENCE, ELECTRONICS AND TELECOMMUNICATIONS

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Cybersecurity		
Electronics		
Electronics and Telecommunications	 	
Information and Communication Technologies		
Modern Technologies in Forensic Science*		

* Field of study conducted mutually with The Faculty of Humanities and the Faculty of Materials Science and Ceramics

FACULTY OF MECHANICAL ENGINEERING AND ROBOTICS

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Acoustic Engineering		
Additive Manufacturing of Metallic Materials*		
Industrial Control and Robotics		
Mechanical and Materials Engineering		
Mechanical Engineering	 	
Mechatronic Engineering		
Mechatronic Engineering with English as instruction language		
Transport for Industry 4.0		

* Field of study conducted mutually with the Faculty of Metals Engineering and Industrial Computer Science

FACULTY OF MATERIALS SCIENCE AND CERAMICS

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Ceramics		
Chemical Technology*		
Chemistry in Forensic Science		
Chemistry of Building Materials		
Computer-Aided Engineering of Building Materials		
Materials Science		 
Modern Technologies in Forensic Science**		
Nanomaterials Engineering***		

* Field of study in Polish conducted mutually with the Faculty of Energy and Fuels

** Field of study conducted mutually with the Faculty of Humanities and the Faculty of Computer Science, Electronics and Telecommunications

*** Field of study conducted mutually with the Faculty of Physics and Applied Computer Science

FACULTY OF GEO-DATA SCIENCE, GEODESY AND ENVIRONMENTAL ENGINEERING

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Climate Change - Mitigation and Adaptation		
Environmental Engineering and Monitoring		
Geodesy, Surveying and Cartography		
Geospatial Computer Science		 
Remote Sensing and Geo Informatics		

FACULTY OF GEOLOGY, GEOPHYSICS AND ENVIRONMENTAL PROTECTION

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Applied Geology		 
Data Science		
Environmental Protection and Engineering		
Geoinformatics		
Geophysics		 
Geotourism		
Renewable Energy Sources		
Urban Geoenvironment		

FACULTY OF FOUNDRY ENGINEERING

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
3D Technologies in the Foundry Industry		
Computer-Aided Engineering Processes		
Foundry Processes Engineering		
Materials and Technologies for Automotive Industry		
Materials and Technologies for Energy and Aviation		
Metalcasting Engineering *		
Technologies for Industry 4.0 **		

* Field of study conducted within part-time studies

** Field of study in Polish conducted mutually with the Faculty of Electrical Engineering, Automatics, Computer Science and Biomedical Engineering

FACULTY OF NON-FERROUS METALS

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Ecodesign and Digital Transformation of Material Technologies		
Materials and Technologies of Non-Ferrous Metals		
Non-Ferrous Metals Science and Engineering		
Production and Quality Engineering		
Recycling and Metallurgy		
Modern Materials Design and Application		

FACULTY OF ENERGY AND FUELS

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Advanced Fuel Technologies		
Chemical Technology *		 
Energy and Environmental Engineering		
Energy Engineering		 
Hydrogen Energy		
Nuclear Energy		
Renewable Energy and Energy Management		 

* Field of study in Polish conducted mutually with Faculty of Materials Science and Ceramics

FACULTY OF PHYSICS AND APPLIED COMPUTER SCIENCE

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Applied Computer Science		
Computer Physics		
Medical Physics		
Micro- and Nanotechnologies in Biophysics		
Nanomaterials Engineering *		
Technical Physics		

* Field of study conducted mutually with the Faculty of Materials Science and Ceramics

FACULTY OF DRILLING, OIL AND GAS

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Borehole Geotechnologies*		
Geoengineering and Borehole Mining		
Geothermal Engineering		
Oil and Gas Engineering		 
Oil and Gas Engineering - practical profile		

* Planned to be conducted in the academic year 2025/2026

FACULTY OF APPLIED MATHEMATICS

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Mathematics		

FACULTY OF MANAGEMENT

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Digital Production for Sustainable Manufacturing		
Information Technology and Econometrics		
International Management		
Management		
Management and Production Engineering		

FACULTY OF HUMANITIES

Field of study	1 st cycle (Bachelor)	2 nd cycle (Master)
Cultural Studies		
Modern Technologies in Forensic Science*		
Sociology		
Social Informatics		

* Field of study conducted mutually with the Faculty of Computer Science, Electronics and Telecommunications and Faculty of Materials Science and Ceramics

AGH University Department for International Students

The staff of Department for International Students will help you at each stage of your application procedure and stay at our University.

Visit us after your arrival!

We offer:

- the highest-standard service
- support in application procedures
- tips on the legalization of stay
- information about scholarships
- help in everyday matters

Visit our website.

the information
you need!

Degree student

Become a degree student at AGH University

STEP I

Register in the e-Rekrutacja system via www.international.agh.edu.pl

STEP II

Choose a field of study

STEP III

Pay the recruitment fee

STEP IV

Upload required documents

STEP V

Candidates for:

- Bachelor studies - take an on-line language exam or upload a language certificate
- Master studies - take an on-line entrance/ language exam or upload a language certificate

STEP VI

In case of acceptance register for studies at AGH University Department for International Students and submit the originals of required documents

MEDICAL CERTIFICATE

During the registration process, you may be asked to provide a medical certificate from a doctor in Poland stating that there are no contraindications to undertake education in the chosen field of study. Please note that we do not accept medical certificates from abroad.

CONTACT

international.students@agh.edu.pl

**Learn more
about regular
studies!**

Necessary documents

BACHELOR DEGREE:

- passport page with your photo and personal data
- secondary school leaving certificate with legalization or apostille
- official transcript of records
- photo for a student ID card

MASTER DEGREE:

- passport page with your photo and personal data
- higher education diploma with legalization or apostille
- official transcript of records
- photo for a student ID card

Required documents

Please visit our website to find out more about:

- required documents for recruitment and registration for studies;
- legalisation/apostille to secondary school leaving certificates and higher education diplomas
- certified translations.

For Bachelor studies

For Master studies

UNIVERSEH

What is UNIVERSEH?

UNIVERSEH is an Alliance of seven European Universities, each with a long-established expertise in the exciting field of Space, with the ambition to create a new key pillar of space innovation, entrepreneurship, and collaboration in Europe.

UNIVERSEH associates seven Universities:

- Université Fédérale de Toulouse Midi-Pyrénées (France)
- Université du Luxembourg (Luxembourg)
- Heinrich-Heine-Universität Düsseldorf (Germany)
- Luleå tekniska universitet (Sweden)
- AGH University of Krakow (Poland)
- University of Rome "Tor Vergata" (Italy)
- University of Namur (Belgium)

Created in 2020 as part of the European Commission's "European Universities" initiative, and co-funded by Erasmus+, UNIVERSEH's purpose is to provide comprehensive higher education programmes in space technology, data and science and to develop new ways of European collaboration in the field of Space.

WHAT WE OFFER

UNIVERSEH aims to offer interdisciplinary programmes in the field of Space. Reflecting European values, UNIVERSEH's objectives are to facilitate mobility and multilingualism, promote student inclusion and diversity and strengthen pedagogical innovation and entrepreneurship in Europe. The Alliance also aspires to make the space sector more sustainable to help maintain the EU's autonomy and top position in space innovation.

OUR AREAS OF STUDY

UNIVERSEH will offer high quality education and research programmes in a range of key areas, such as: Science, Engineering, Economy, Social and Human Sciences, Entrepreneurship and Innovation, Medicine, and Culture. At AGH University you can learn about space technologies by joining courses, such as: Snow and Ice throughout Solar System, Introduction to Space Medicine, Entrepreneurship and Innovation - from the Idea to the Market, Radiation damage in semiconductor devices, Machine Learning in Robotics and Edge Devices for Space Exploration.

Find out
more about
UNIVERSEH

Exchange student

Become an exchange student at AGH University

The Department for International Students deals only with exchange applications on Bachelor and Master level.

STEP I

Check at your university if there is a bilateral agreement between AGH University and your university. It can be a bilateral agreement signed within the framework of a particular programme or a general agreement. If there is no bilateral agreement between the universities, you can initiate that process at the AGH University Centre for International Affairs
csm@agh.edu.pl

STEP II

Follow the qualification procedures of your International Office

STEP III

Make sure that the nomination from your home university is sent to AGH University

STEP IV

Follow the qualification procedures of AGH University sent by the Department for International Students

Necessary documents

- passport/ID page with your photo and personal data
- transcript of records
- certificate of your proficiency in English
- proposal of the Learning / Training Agreement based on the AGH University International Courses
- CV in English
- photo for a student ID card

Contact

exchange@agh.edu.pl

NOMINATION DEADLINES!

- **31st May** - for the winter semester (October - February) or the whole academic year
- **15th November** - for the summer semester (March - June)

ESN Erasmus Student Network

Contact a mentor who will pick you up from the airport and take care of you during your stay:
e-mail: mentor.agh@esn.pl

Want to know more?

My name is Damaris and I came to Poland all the way from Venezuela. I was able to do it thanks to SMILE Programme which is an exchange programme that links Latin America with the rest of the world; something like Latin Erasmus. In Latin America we don't have so many scholarships and exchange programmes as in Europe and a lot of people from our countries don't even know that SMILE exists and offers a plenty of opportunities. Please, students from Latin America, go right now to International Departments of your universities and ask about it!

Damaris Castillo

Universidad Simón Bolívar
Venezuela

Postgraduate studies and AGH University Doctoral School

Postgraduate studies

Postgraduate studies are additional studies offered at the AGH University of Krakow. In order to apply you need to hold a Bachelor degree. AGH University offers nearly 90 postgraduate courses aimed at engineers and people who are interested in obtaining a new specialization in computer science and computer graphics, environmental protection, public procurement, work safety, estate evaluation and management, human resources management, company management, quality management, EU funds management, and education management.

We offer four programmes in English:

- Cloud and DevOps Academy,
- Executive Master of Business Administration,
- MBA-TECH,
- Solution Architecture Academy.

AGH University Doctoral School

The AGH University of Krakow gives graduates the opportunity to broaden their knowledge at AGH University Doctoral School in 17 disciplines. All of them are run in Polish and English.

Please note that at AGH University Doctoral School there is only a possibility to enrol on full-time programme which takes 4 years.

Contact:

phone: +48 12 617 56 11

phone: +48 12 617 56 10

Language exam

English language exam is obligatory, in case you apply for studies held in English language. If you wish to study in Polish, then you need to take Polish language exam. Check below the list of documents, which exempt you from the exam - if you have one of them, upload it into e-Rekrutacja system.

Cetificates exempting from the Polish language exam

1. A secondary school-leaving certificate ("świadectwo dojrzałości") obtained in the Polish education system;
2. A certificate or statement of completing a one-year preparatory course to study in Polish in entities designated by the minister responsible for higher education at the minimum B-2 level;
3. A certificate of knowledge of Polish language issued by the State Commission for the Certification of Knowledge of Polish as a Foreign Language at the minimum B-2 level;
4. A certificate, diploma or another document confirming completion of a secondary school abroad where all the classes were conducted in Polish language;
5. A certificate or statement confirming knowledge of Polish at the minimum B-2 level within the meaning of the Common European Framework of Reference for Languages issued by a language school or any other educational institution conducting language exams and/or Polish language courses;
6. A higher education diploma (at least a first-cycle degree) from studies held in Polish language or a certificate of graduation with information about professional title obtained together with the university's annotation of the lecture language if the diploma has not yet been released.

Cetificates exempting from the English language exam

1. A certificate, diploma or another document confirming the completion of a post-primary school abroad in which classes were conducted in English language, among others:
 - International Baccalaureate Diploma,
 - European Baccalaureate Diploma;
2. A graduation diploma (at least a Bachelor degree) from studies held in English language or a certificate of graduation with information about professional title obtained together with the university's annotation on the lecture language if the diploma has not yet been released;
3. A certificate or statement confirming knowledge of English language at the minimum B-2 level, as defined in the Common European Framework of Reference for Languages, issued by a language school or educational institution conducting examinations or/and English language courses, for example:
 - International English Language Testing System IELTS
 - First Certificate in English (FCE) / B2 First
 - Certificate in Advanced English (CAE)
 - Certificate of Proficiency in English (CPE)
 - Test of English as a Foreign Language (TOEFL) – Internet-Based Test version (iBT)
 - Test of English for International Communication (TOEIC)
 - Pearson PTE Academic
 - British Council EnglishScore.

In case you apply for a Master degree programme for which an entrance exam is conducted - a language exam is not taken.

Detailed information on Polish and English language exam can be found on our website.

For Bachelor studies

For Master studies

Legal arrangements - useful information

Once you have been accepted as an international student to AGH University, you have to start arranging other documents that will make your stay in Poland a legal one.

Visa

If you are accepted for studies, the AGH University, on your request, can issue an official letter to the embassy informing about this fact and the conditions of formal/final registration. Please remember to make sure that you meet other requirements of the embassy.

Temporary Residence Permit

If you are a non-EU citizen, this document allows you to stay in Poland for the period of no more than three years (after that you have to reapply for the permit).

Please remember that you have to:

- apply for the permit before your visa expires,
- fill in an application form and submit all necessary documents to Malopolska Provincial Office in Krakow (see: www.infoopt.pl),
- prove that you have sufficient funds to cover your stay in Poland (e.g. with the bank statement).

REMEMBER

Make sure you collect all necessary documents before you leave your country!

Legalization of foreigners' stay in Poland can be arranged in the Department for Foreigners of Malopolska Provincial Office. Visit the website for more information.

Insurance

You need to possess health insurance!

Please remember that:

- It is one of your responsibilities as an international student to make sure that you have a valid insurance during your entire stay at AGH University.
- You will be responsible for covering all insurance costs.

Financial security

You need to possess sufficient funds to cover the cost of living in Poland, the cost of return to your home country, and the documents confirming your financial means.

Department for International Students will provide you with all the necessary help (in case you need a Polish-speaking guide, we will ask a Polish student to help you with the formalities), but you need to bear in mind that most legal arrangements require your personal contact.

IMPORTANT

On the student's request, AGH University can pay monthly premiums to the National Health Fund for those insured students who either possess a valid Card of the Pole (Karta Polaka) or have a decision confirming Polish roots issued by the Consul.

Scholarships

THE GEN. ANDERS PROGRAMME

- It is addressed to young people of Polish origin. The programme promotes Poland as a country of attractive educational opportunities, strengthens level of qualifications in the Polish communities abroad and is an opportunity to learn about culture and history of Poland.
- It enables young people of Polish origin to undertake first-cycle, second-cycle or uniform Master's degree studies in Poland at higher education institutions supervised by the Ministry of Science and Higher Education, Ministry of Health and Ministry of Culture and Cultural Heritage.
- It covers full-time studies in a wide range of fields except for applied linguistics and foreign languages (apart from Polish philology). The studies must be held in Polish. The studies may be preceded by a yearly preparatory course designed to improve Polish language skills and deepen knowledge related to the field of future studies.

The candidates must be holders of the Pole's Card or young people with dual citizenship (of Poland and of other country), having completed secondary education outside Poland. Candidates are selected on the basis of the calls for proposals and its specific criteria. The calls for proposals are announced on annual basis.

THE BANACH SCHOLARSHIP PROGRAMME

- The objective of the Programme is to promote socio-economic progress of developing countries by raising the level of knowledge and education of their citizens in the form of scholarships for second-degree studies in Polish or in English at Polish universities supervised by the Minister of Science and Higher Education.
- The NAWA scholarship may be applied for by citizens of the following countries: Albania, Angola, Argentina, Armenia, Azerbaijan, Bangladesh, Belarus, Bosnia and Herzegovina, Brazil, Colombia, Democratic Republic of the Congo, Ecuador, Egypt, Ethiopia, Georgia, India, Indonesia, Iran, Iraq, Jordan, Kazakhstan, Kenya, Kosovo, Lebanon, Mexico, Moldova, Mongolia, Montenegro, Nepal, Nigeria, North Macedonia, Palestine, Papua New Guinea, Peru, Philippines, Rwanda, Senegal, Serbia, Tanzania, Tunisia, Ukraine, Uzbekistan, Venezuela, Vietnam, Yemen, Zambia.
- The Programme is a joint initiative of the Ministry of Foreign Affairs and the Polish National Agency for Academic Exchange in the form of Polish development aid.

OTHER SCHOLARSHIPS

- can be granted on the basis of international agreements,
- Visegrad Scholarship Program,
- Poland My First Choice Programme,
- Exchange Programme for students and scientists as part of bilateral cooperation - offer for incoming students and scientists,
- and more...

Psychological support

On the one hand, student life is a period of the so-called “happy freedom”, the beginning of independence and making first important and binding decisions in life but, on the other hand, it can become an extremely difficult time. Therefore, the AGH University of Krakow has decided to help students beginning their programmes of study at the university. In order to do that, the Student Affairs Division organizes free psychological support for AGH University students. Anyone can use it, registration for consultations with a psychologist takes place via the HELPI platform.

The aim of the support is to help students solve their everyday difficulties related to the study process and adaptation to the academic environment.

The language of instruction is Polish and English. More information can be found on the website.
